

VINCOMM SIGNS RESELLER AGREEMENT WITH TIME WARNER TELECOMM

FOR IMMEDIATE RELEASE

SAN DIEGO, SEP 21, 2006 (BUSINESS WIRE)—Vinculum Communications, Inc., (Vincomm), a leading purveyor of Voice over Internet Protocol (VoIP), delivering reliable, cost-effective, integrated voice and data services to small and medium businesses, announced the signing of an agreement with Time Warner Telecom to resell internet circuits nationwide, significantly enhancing its product line for SMBs.

The new relationship provides Vincomm another quality alternative to deliver high-end internet access to new Vintalk™ hosted IP PBX. TWTC, with its nationwide footprint, allows the Vintalk™ sales team to offer the instant recognition of TWTC's coverage and availability to their valued customers.

“Great products and services speak for themselves, and bundling TWTC internet circuits with our Vintalk™ hosted IP PBX services—well, the best just got better,” said president Scott Goodwin. “It will be an exciting year for Vinculum and we look forward to building a solid, mutually-beneficial relationship with TWTC.”

About Vinculum

Vinculum Communications is a leading purveyor of Voice over Internet Protocol (VoIP), delivering reliable, cost-effective, integrated voice and data services to small and medium businesses. At its heart a telecomm company, Vinculum (Latin for “bond”) leveraged an extensive VoIP network—built to serve domestic and international wholesale communications carriers—with its proprietary Vintalk™ hosted call platform, bringing a wealth of scalable features, flexible packages and low-cost long-distance calling to retail markets worldwide. Vinculum's rapidly-expanding global footprint and software-driven infrastructure sets the standard for building sound connections. For more information on Vinculum and Vintalk™, visit www.vincomm.net.

About Time Warner Telecomm

Time Warner Telecom, headquartered in Littleton, CO, is a leading provider of managed networking solutions to a wide array of businesses and organizations in 75 markets spanning 30 states and D.C. As one of the country's premier competitive service providers, Time Warner Telecom integrates data, dedicated Internet access, and local and long distance voice services for long distance carriers, wireless communications companies, incumbent local exchange carriers, and enterprise organizations in healthcare, finance, higher education, manufacturing, and hospitality industries, as well as for military, state and local government.
